A WIN-WIN MODEL

Edenred, its clients, its beneficiaries and its affiliates form the links in a value chain that benefits to all the stakeholders. A chain based on trusting relations, born of a mutual interest.

A COMMITTED GROUP

A CORPORATE SOCIAL RESPONSIBILITY POLICY

The Ideal initiative structures the Group's sustainable development policy. It has three priorities:

Promoting healthy eating habits to the greatest number.

Reducing the environmental impacts of office and production activities.

Developing solidarity ties with local communities.

A GREAT PLACE TO WORK

Because it cares about the quality of life at work and the well-being of its employees, the Group has launched a certification initiative in its subsidiaries.

In 2015, 87% of Edenred's employees worked in an environment that had launched an initiative in favor of well-being at work.

The goal for 2016:

100% of subsidiaries certified or engaged in a process.
